## **The Clubhouse at Meadowbrook Pointe is Open!**

Meadowbrook Pointe is more than a place to live; it's a lifestyle—thanks, in large part, to the community's splendid activity-rich clubhouse. "We are proud that this facility honors its illustrious past of Roosevelt Raceway while setting a new gold standard in providing an exquisite lifestyle," says Michael Dubb, President of Beechwood Organization and developer of Meadowbrook Pointe. The 25,000 square foot Meadowbrook Pointe Athletic Club & Spa rivals any five-star resort in its top-of-the-line services, facilities and grandeur. The clubhouse's on-site staff, including lifestyle coordinator and concierge, share a common goal: to satisfy homeowners' requests and interests. Within the clubhouse, homeowners can socialize in the card and meeting rooms; the formal ballroom, the library; and the sports lounge, which features 17 flat-screen TVs, two professional poker tables, and a pool table. Among athletic amenities, the clubhouse is equipped with indoor and outdoor swimming pools (and whirlpools); a fitness center lined with cardio and strength-training gear; an aerobic and Pilates studio; and men's and women's locker rooms. The on-site fitness coordinator is available to schedule exercise classes and ensure that homeowners exercise safely and effectively. Meanwhile, the clubhouse's luxurious spa and beauty salon will provide just the right antidotes to life's daily stresses. The clubhouse boasts a deluxe private screening room – with a surround-sound system and upholstered seats that ensure a superlative movie-going experience. Mark Doneson, Sales Director adds, "We did our homework beforehand and, as a result, we were able to create a community with the luxurious amenities our residents want at this stage in their lives." Indeed, from any vantage point, Meadowbrook Pointe's clubhouse offers all the hallmarks of the quintessential good life.
